the economics of fairy tales the new york times

May 18th, 2020 - re the economics of fairy tales i always knew a good classical education sprinkled with liberal arts would have some kind of payoff and yet it never ceases to amaze me that people like mr gleaser really don't understand the true economic facts affecting the stories they pretend to enlighten us about'

'solve the soup cans tv tropes

May 26th, 2020 - needing to solve the soup cans reverses normal puzzle solving logic it s not that you want to acplish some goal and have to solve the puzzle to get to that goal but rather you ve got to solve the puzzle because the puzzle is there and that s what puzzles are for and the fact that you end up closer to your goal is at least in terms of the storyline more or less coincidental'
