**'a book review by anjanette delgado space invaders a novel**

*May 12th, 2020 - space invaders is a novella barely 66 pages each one only seven by five inches that effectively holds between its covers a story extending far beyond the physical space it might occupy on a bookshelf it's a convincing depiction of totalitarianism made all the more chilling because author nona fernandez refrains from needless overdramatization instead using the everydayness of surprise'*

**'space invaders race gender and bodies out of place**

*May 25th, 2020 - increasingly women and minorities are entering fields where white male power is firmly entrenched the spaces they're to occupy are not empty or neutral but are imbued with history and meaning this groundbreaking book interrogates the pernicious subtle but nonetheless widely held view that certain bodies are naturally entitled to certain spaces while others are not drawing on case''*
